# CLUB PROMOTION AND MARKETING

## IF NO ONE KNOWS WHAT YOUR CLUB IS DOING DID IT REALLY HAPPEN?

A lot of the great work that clubs and course unions do flies under the radar or is only seen by your immediate circles.

It can be hard to recruit new members or maybe even engage current ones if your club is not taking advantage of all the opportunities for promoting and marketing your club.

PLUS, people want to know what you are up to!

Choose which methods make most sense for what you are trying to communicate... is it a large scale event? You will likely need many of these ways to spread word about your event. A volunteer call out or member recruitment message might be more targetted.

## CLUB FAIR TIPS

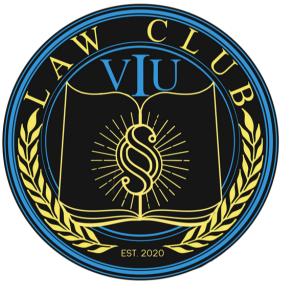

- Have your join a club form available (either on laptop or QR code)
- Have large signage with your club name
- Use trifold poster board to display photos or information about past activities / events
- Be ready to talk about why you are excited about what your club does (ie. why would a student want to join your club?) if you are excited, they will be excited
- Stand at the table (if you are able) and invite students in to talk to you... have a "hook" line that will attract their attention
- Giveaways or contests are effective
- Have candy or treats on the table

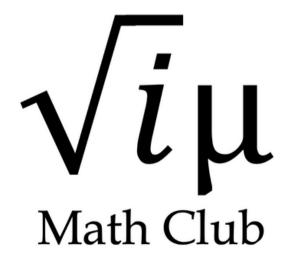

## CREATE RECOGNITION

## CLUB LOGO

- Club name is obvious in design
- Use on all social accounts and posters
- Save design with transparent png background so it can be used on background of any colour without the white box behind
- Make sure it communicates that you are a club or course union (not representing yourselves as a faculty of the university or another organization entirely).
- Include that you are from VIU (but don't use VIU's official logos or department logos)... same goes for external organizations or associations

## TABLING + CLASS TALKS

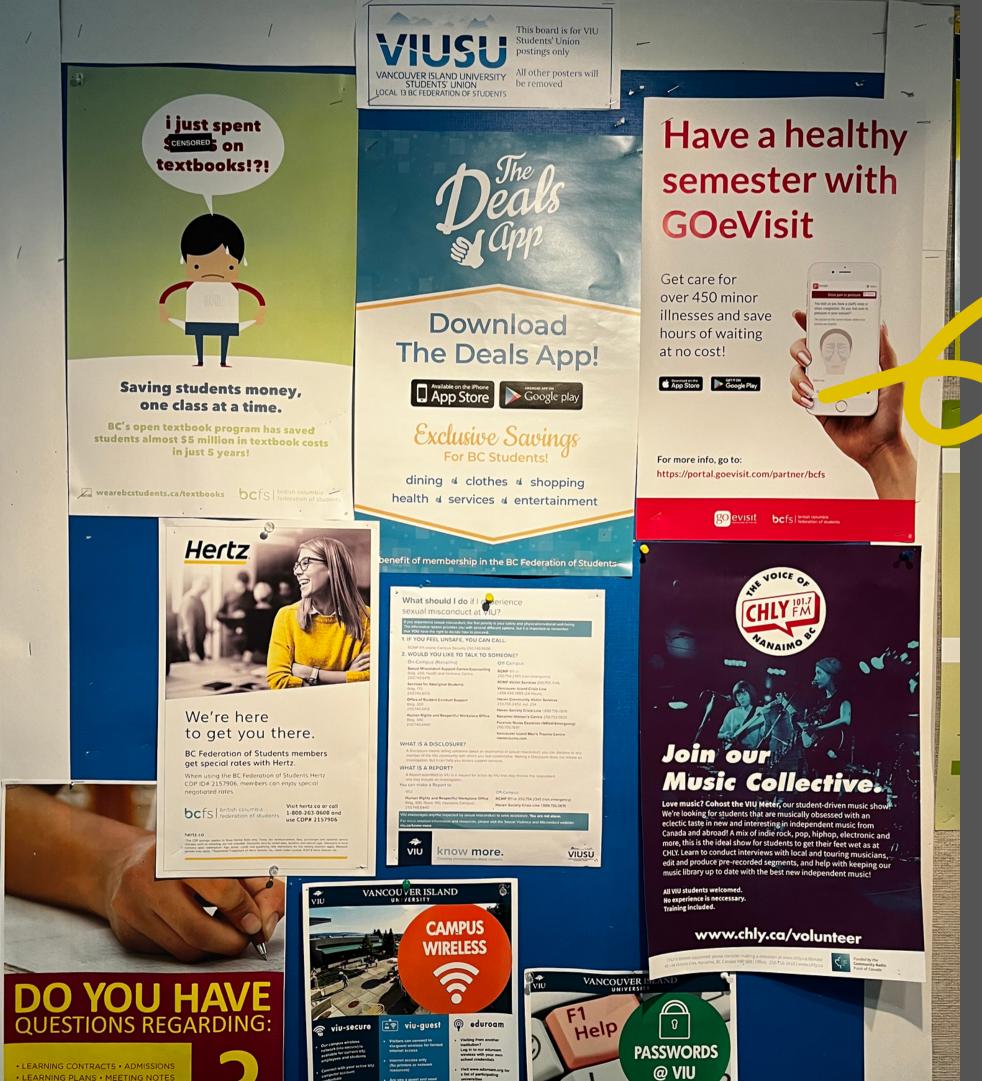

Allows for direct delivery of specific message. Reach is limited and subject to students' presence on campus. Big effort to prep messages, materials, reserving space and scheduling. It can be difficult to find club members to volunteer at the tables, and also to draw students in when they are walking to/from class.

Typically used for introduction, or time-sensitive issues, to ask for immediate engagement or action eg.

- Recruit new club members
- Sell event tickets
- Promote your AGM + chance to vote for new execs
- Good visibility for clubs, especially course unions
- Networking opportunity

## POSTERS

- You don't need to be artistic to make a good poster, there are lots of good templates online, eg. canva
- Clubs have access to convenient colour or black and white poster printing or document copying in the VIUSU office (b. 193)
- Bring a thumb drive with a PDF of poster; or email admin@viusu.ca with printing requests
- Printing and copying charges can be billed directly to your club account without need for reimbursement
- All posters on VIU bulletin board must be stamped in VIUSU office and can be up for two (2) weeks. Clubs are responsible for removing their own posters. A maximum of 50 posters may be put up on campus at one time.

#### Eco Club

#### Campus: Nanaimo

Who we are: VIU Eco club is a group of environmentally concerned students working hard to live in balance with the natural world. We promote environmental education within the school and surrounding communities and strive to lead lifestyles that reflect our values of creating a sustainable culture.

What we do: The purpose of VIU Eco Club is to increase VIU's positive impact on the environment and encourage more sustainable behaviours in everyday life by actively improving our campus through campaigns and initiatives. We discuss current ecological challenges that affect us globally as well as locally and promote positive change at VIU and in the surrounding communities. This club is open to all students who wish to take an active role in making the world we live in a better place through organized events, volunteer work, and activism.

## WEBSITE

## VIUSU.CA/CLUBS + VIUSU.CA/NEWS

This information is gathered from what is submitted by clubs in your registration or renewal forms. If you want to add to the information here, or add photos of activities this year to be displayed, just get in touch with your Director of Internal Relations internal@viusu.ca.

Additionally, if there is the opportunity to share club news on our website about new initiatives or engagement opportunities please let us know! We are proud of the work of clubs and want to help to amplify your voices on campus.

# CLUB@VIUSU.CA GSUITE

WHAT

All VIUSU clubs are provided a gmail account for their club under the @viusu.ca domain. This also gives you access to your club google drive and gsuite apps with unlimited storage for club purposes. This account is where all club communications from VIUSU will be sent.

How

We recommend having at least three members of your executive team add the club email to their mail application on phone/laptop to be able to check regularly. Use the provided google drive to store club documentation, logos, photos, posters, planning ideas, budgets, and minutes.

• WHERE

When students ask about how to join a club, or community members ask how to get in touch, they are given the club@viusu.ca email address or directed to the VIUSU app to access your "join a club form"... so check your membership list regularly.

WHY

Clubs are provided with the email address and drive so that continuity can be ensured when executives move on from VIU. If succession planning hasn't happened, and club members want to renew the club status it is easy to provide access to old files and resources.
